## Rugged Tab K10 Bundle

### Get it all with the ready-to-deploy, all-in-one solution

Eliminate the guesswork by choosing the rugged ready, out-of-the-box Tab K10 Bundle. Simply select your tablet configuration and place your order, we'll take care of the rest. Your bundle is shipped to you completely assembled with everything you see here – strengthened glass screen protector, Tab K10 tablet, MobileDemand rugged xCase, mounting snap plate, back hand strap, and briefcase handle.

## DROP TESTED

The xCase provides unparalleled 360° protection, enabling the Tab K10 to pass the rigorous military STD-810H drop test, which consists of 26 drops to all sides and surfaces at the manufacturers specified height. We chose 10 feet to leave no doubt about the xCase's rugged capabilities. Accidents happen, so our shock absorbing rubber corner bumpers and ridged shell are designed to offer unmatched tablet protection for when those inevitable drops happen, even from 10 feet.

## BRIEFCASE HANDLE

Every xCase is equipped with a convenient, easy carry briefcase handle. Having the ability to safely transport your tablet throughout the day helps eliminate accidental drops. A set of briefcase handle loops are designed on both the top and side of the case so the Lenovo Tab K10 can be carried either vertically or horizontally.

## MOUNTING MADE EASY

Mounting is a snap with MobileDemand's quick release snap mount system. Allowing safe and secure mounting for the most demanding applications, including warehousing, manufacturing, construction, logistics, and so much more. Built tough to withstand the continuous bump and grind of forklifts, vehicles, delivery trucks and more.

## BACK HAND STRAP

Fatigue can quickly become a factor during a long work day, that is why we include the reliable back hand strap with every xCase. Flexible elastic bands hold securely yet comfortably, regardless of hand size, eliminating the strain related to holding a tablet for an extended period of time.
